

Rainforest Cafe

ScaleBlaster™ is a maintenance and chemical-free alternative to solving hard water and limescale problems. The unit produces a complex modulating frequency wave-form that prevents formation of limescale deposits and removes any existing scale.

The *Rainforest Cafe* in Mexico uses the amazing electronic descaler ScaleBlaster™ to solve its scale and hard water problems without any maintenance or chemical.

Management reports several benefits including:

- Removed scale deposits in coffee machines
- Removed scale from water faucets
- Eliminated scale problems associated with the dishwashers
